

How To Submit Your Business Plan

All business plans must be emailed to submissions@beteshcontest.com on October 1st

- Failure to submit your business plan on, or before, October 1st will result in an automatic disqualification
- Your business plan must be emailed in one PDF file. Please don't email us several attachments to the email.
- Your business plan must contain the names and emails of everyone in your company on the first page
- Your business plan must be submitted using the email you used to sign up.
- **Your business plan should answer every question in the booklet; however, don't make the business plan too long! Think about the person reading it. Try to keep it under 20 pages without using an incredibly small font!**
